

Iwona Gnach-Olejniczak

Founder of UNIDENT UNION Dental Spa with over 28 years of experience as a dentist, including over a decade of practicing orthodontics, implantology and aesthetic medicine. Her expertise has been proven by numerous accreditations and international training programmes. She is one of the first dentists in Poland to have been accredited by the EUROPEAN ASSOCIATION OF IMPLANTOLOGY and of the POLISH MINISTRY OF HEALTH, which is considered the highest achievement among implantologists as well as a recognition of professional practice in implantology and implant prosthetics. A member of the National Association of Dental Implantology in Poland; of the Polish Association of Orthodontics; of the International Association of Orthodontics and of the European Association for Osseointegration.

For 17 years she has been interested in aesthetic medicine, she has created the ideology of Dental Face Lifting.

DFL is a combination of dentistry and aesthetic medicine. It shows how much dental treatments positively affects the appearance of the entire face. Ultimately, aesthetic medicine is only the finishing touch of the patient's face. Iwona Gnach-Olejniczak is a certified doctor by the American Academy of Aesthetic Medicine.
