

Dr Navneet Magon MS (Ob-Gyn)

*Obstetrician-Gynecologist,
Endoscopic, Pelvic Reconstructive and Cosmetic Genital Surgeon,
New Delhi, India*

Dr. Navneet Magon MBBS, FCCP, MS (Ob-Gyn), is a leading icon in Urogynecology and Reconstructive Pelvic Surgery, and a pioneer in developing & popularizing Female Cosmetic Genital Surgery in India. Dr Magon graduated in Medicine from **Post Graduate Institute of Medical Sciences, Rohtak, India** and did his masters in Gynecology from **Armed Forces Medical College, Pune, India** where he was awarded Maj Gen Nirmal Ahuja **Gold Medal** for first position in University examination. He has also been trained in Gynecological Endoscopy at **AIIMS, New Delhi**. All these institutions are very prestigious institutions of high repute in India.

Ardently involved with academics, Dr Magon has over 60 peer-reviewed publications to his credit, which includes publications in **Studd's Current Progress in Obstetrics and Gynecology**, and has contributed chapters to various postgraduate books. Dr Magon has been a peer-reviewer for many national & international journals including the Green Journal (Obstetrics & Gynecology), the Blue Journal (International Urogynecology Journal), The Journal of Obstetrics & Gynecology of India, Neurodynamics and Urodynamics and many more. Dr Magon is also on the roll of honor of the World Association of Medical Editors (WAME) and National Corresponding Editor for Journal of Obstetrics and Gynecology of India. He has more than 60 peer-reviewed publications and is a peer reviewer and on the editorial board for various indexed international journals. He has the unique recognition of serving as the National Coordinator for the Endoscopy Committee as well as the Urogynecology Committee of the Federation of Gynecological & Obstetric Societies of India, a 33000 plus strong body of gynecologists. He is an undergraduate and a post-graduate teacher in Obstetrics and Gynecology at New Delhi, India.

He is one of the first physicians from India to embrace Cosmetic Gynecology, and his contributions as the pioneer of establishing *Female Cosmetic Genital Surgery* in India have been well acknowledged by all including the past FIGO and FOGSI Presidents. His work and publications on the subject have received international recognition. He is amongst the first gynecologists in India to integrate non-invasive technologies into his cosmetic gynecology practice and as an AIAVS, USA fellow; he has attained the master trainer status for Indian

Subcontinent. Trained at the best institutions and from the best & brightest in the specialty, Dr Navneet Magon is an astute clinician, a daring surgeon, an inspirational teacher and a thought-provoking author. An ace pelvic reconstructive, endoscopic and cosmetic genital surgeon, **Dr Magon is the Chairman and Founder President of 'Urogynecology and Pelvic Health Association of India' (UPHAI) and also the Founder President of The Society of Cosmetic Gynecology, India.**

He is truly a game-changer in the specialty and a very strong voice for women's empowerment and their reproductive rights. Amongst the various orations and awards he has been bestowed upon, he has been one of the most deserving recipients of the FOGSI Dr Kamini Rao Oration and the AOFOG Dr S.S. Ratnam Young Gynecologist Award. He has also been awarded with the Delhi ISAR "Award of Excellence in Urogynecology and Cosmetic Vaginal Surgery" in year 2016. A celebrated orator, he is a much in demand speaker at national & international scientific meetings.

In view of his contributions to the sub-specialty of Cosmetic Gynecology and his in-depth knowledge of the subject, Dr Navneet Magon has now been appointed as the Senior Faculty at the American Academy of Aesthetic Medicine.
